IMAC 1964 - 2024

Tutto iniziò nel 1964

quando Piero Gattazzo fondò IMAC con una visione audace: prevedeva che in un futuro poco lontano gli animali domestici sarebbero diventati parte integrante delle famiglie. L'azienda intraprese così la produzione di gabbie per ornitologia e piccoli mammiferi.

IMAC ben presto conquistò l'attenzione internazionale grazie alla partecipazione alle principali fiere del settore. La chiave del successo fu la dedizione alla qualità e la continua ricerca di habitat sempre più adatti agli animali.

It all began in 1964

when Piero Gattazzo founded IMAC with a bold vision: he foresaw that pets would soon become an integral part of families. The company thus began producing cages for birds and small mammals.

IMAC soon captured international attention by participating in major trade fairs. The key to success was a dedication to quality and the continuous search for increasingly suitable habitats for animals.

Espansione e Innovazione

Verso la fine degli anni '80, IMAC ampliò ulteriormente la sua gamma introducendo un reparto dedicato allo stampaggio di materie plastiche. Questa mossa strategica non solo ampliò l'offerta di prodotti, ma diede anche un notevole impulso alla crescita aziendale. L'impegno costante verso la fusione di qualità e design divenne una caratteristica distintiva dei prodotti IMAC. All'inizio del decennio 2010, per rispondere alle esigenze del mercato, l'azienda ha incrementato la propria gamma di articoli con l'importazione di prodotti a proprio marchio.

Expansion and Innovation

By the end of the 1980s, IMAC further expanded its range by introducing a department dedicated to plastic moulding. This strategic move not only expanded the product offering but also gave a significant boost to business growth. The constant commitment to merging quality and design became a distinctive feature of IMAC products. In the early 2010s, to meet market needs, the company increased its product range with the importation of IMAC branded items.

Video inspiration

Made in Italy

IMAC ha mantenuto saldamente la sua identità italiana, gestendo l'intero ciclo produttivo presso la propria sede.

La produzione di gabbie e di prodotti come toilette per gatti, trasportini e ciotole è saldamente fedele al marchio "Made in Italy". Oltre il 90% degli articoli da noi distribuiti è MADE IN IMAC. Anche per i prodotti di provenienza internazionale, garanzia e qualità hanno la stessa attenzione, grazie a rigorosi standard di controllo in ogni loro fase. Una squadra dedicata seleziona costantemente prodotti che per qualità ed innovazione garantiscono egualmente il benessere dei nostri amici animali.

Sfide e Successi

Nel corso degli anni, IMAC ha affrontato diverse sfide dove la costante attenzione alla qualità, alla ricerca e all'innovazione, ha portato a continui successi. La visione originale di Piero Gattazzo e la continuità garantita dalla seconda generazione con Gianluca si è consolidata ed IMAC continua ad essere un punto di riferimento internazionale nel settore degli accessori per animali d'affezione.

Made in Italy

IMAC has firmly maintained its Italian identity, managing the entire production cycle internally across its own premises. The production of cages and items such as cat toilets, carriers, and bowls has remained true to the "Made in Italy" brand. Over 90% of the items we distribute are MADE IN IMAC. Despite the international origin of some products, we have placed particular emphasis on quality assurance, maintaining strict standards and quality controls.

A dedicated team constantly selects products that guarantee the well-being of our animal friends in terms of quality and innovation.

Challenges and Successes

Over the years, IMAC has faced several challenges, but constant attention to quality, research, and innovation has led to continuous successes. The original vision of Piero Gattazzo has been realized and continuity ensured by the second generation with Gianluca, with IMAC continuing to be an international benchmark in the pet accessories industry.

Mercato

con un'attenzione al mercato estero, ad oggi Imac vanta una realtà export consolidata in oltre 63 paesi nel mondo. Fin dai primi anni la presenza nei mercati europei ha evidenziato l'orientamento internazionale dell'azienda. Successivamente l'espansione ha poi toccato ogni continente. Nel mercato italiano, i prodotti Imac sono disponibili in oltre 2000 negozi e con una costante crescita sia in termini di punti vendita che di visibilità e questo grazie alla rete di agenti presente su tutto il territorio nazionale.

Visione Futura

Guardando al futuro, IMAC mantiene salda la sua visione originale di creare prodotti che migliorano la vita dei nostri amici animali, con cui condividiamo gli stessi spazi e che consideriamo a tutti gli effetti parte della famiglia. La costante ricerca di soluzioni innovative ed il rispetto per l'eredità ed il know-how italiano rimarranno i pilastri fondamentali per l'evoluzione di IMAC nei prossimi anni.

La storia di IMAC è una testimonianza di passione, impegno e dedizione verso gli animali domestici dove l'unione fra tradizione e innovazione crea prodotti speciali, usati quotidianamente nelle famiglie di tutto il mondo.

Market

With an eye on the foreign market, IMAC today boasts a consolidated export reality in over 63 countries around the world. From the early years, the presence in European markets highlighted the company's international orientation. Subsequently, the expansion then reached every continent. In the Italian market, Imac products are available in over 2000 stores, with constant growth both in terms of sales points and visibility, thanks to a nationwide network of agents.

Future Vision

Looking to the future, IMAC remains committed to its original vision of creating products that improve the lives of our animal friends and their owners, what we today consider in all respects an extended family. The constant search for innovative solutions and respect for the Italian heritage and know-how will remain the fundamental pillars for the evolution of IMAC in the coming years.

IMAC's story is a testament to passion, commitment, and dedication towards pets where the union between tradition and innovation creates special products that make a difference to families worldwide.

Usiamo già il 35%

Quick lock è il sistema di aggancio universale per tutti i nuovi modelli di accessori IMAC.

È sufficiente avvitare il supporto alla rete della gabbia, poi con un semplice gesto si fissa o si stacca l'accessorio in modo rapido.

Quick Lock is the universal mounting system for the new models of IMAC accessories.

Simply fasten the support to the cage, then easily place or remove the accessory in one easy step.

Posatoio a forma di ramo con diametri da 10 a 14 mm. Questo posatoio permette di variare continuamente la presa delle zampe rendendo l'utilizzo simile a quello che si trova in natura; in questo modo gli uccelli possono esercitare la muscolatura che con i posatoi tradizionali non userebbero.

A branch shaped perch with a diameter from 10 to 14 mm. This perch requires the bird to continually vary the stance of its feet, like it would in the wild; this enables the bird to exercise muscles that it would not normally use with a traditional perch.

Fuffy

Sabbia super agglomerante bianca White clumping cat litter

La lettiera "agglomerante bianca" deriva da bentonite minerale naturalmente bianca, la sua granula molto fine le consente di assorbire i liquidi velocemente formando così una piccola palla molto solida, in questo modo il resto della lettiera e il fondo della toilette rimangono puliti ed asciutti. Grazie alla rapidità di assorbimento e la super capacità agglomerante, questa lettiera vi consentirà un utilizzo prolungato.

The White Clumping Cat Litter comes from naturally white bentonite. The litter has fine granules allowing it to trap and absorb liquids quickly, forming small solid clumps, so the rest of the litter and the bottom of the toilet remain clean and dry. Thanks to the rapid absorption and the super-clumping capacity, this litter is made for prolonged use as it will stay effective for much longer than normal.

Granulometria - Grain size 0.5-1.5 mm

Assorbimento - Liquid absorption > 250%

Foxy

Sabbia agglomerante profumata Clumping scented cat litter

La lettiera agglomerante profumata è al 100% bentonite naturale di elevata qualità. Quando viene a contatto con i liquidi forma una palla molto solida e facile da togliere, in questo modo il resto della lettiera e il fondo della toilette rimangono puliti ed asciutti.

The Scented Clumping Cat Litter from Imac is composed of 100% high quality natural bentonite. When the litter comes into contact with liquids, small solid clumps are formed, which are easy to remove, so the rest of the litter and the bottom of the toilet remain clean and dry.

Granulometria - Grain size 1-5 mm

Assorbimento - Liquid absorption > 100%

Dea Dispenser è il prodotto ideale sia per bere che per mangiare. Ruotando di 180° il sifone si ottiene una mangiatoia per cibo o un abbeveratoio per acqua permettendo all'animale di nutrirsi anche in assenza del padrone.

Dea Dispenser is perfectly suited for both food and water and allows your pets to feed themselves whenever they want. Simply rotate the dispenser one way for food and the other way for water.

Gunzaglio avvolgibile Styleash corda

Styleash retractable cord leashes

La linea base STYLEASH della FIDA, ha le stesse garanzie di qualità e resistenza della linea MARS e con garanzia sempre di due anni.

STYLEASH è proposto con corda in tre misure e con fettuccia in 4 misure.

The "Styleash" is the entry-level line from FIDA. This range may be basic but it still offers the same quality and durability as the "Mars" and has undergone the same stringent tests. The "Styleash" is also guaranteed for two years.

The "Styleash" is available in 3 sizes with a cord leash or in 4 sizes with a tape leash.

Osso java Java bone

SMALL → 15 ↑ 2 cm

MEDIUM → 20 ↑ 2/3 cm

LARGE → 25 ↑ 2/3 cm

Coffee tree

L'osso Java è ricavato dalla lavorazione del legno della pianta del caffè, dopo la potatura vengono selezionati i pezzi migliori e vengono poi lavati e levigati. L'osso è naturale, non puzza e non si scheggia.

Soddisfa il naturale bisogno di masticare. È l'ideale per i cani allergici essendo privo di additivi artificiali e componenti animali.

Il legno del caffè è molto resistente, durante la masticazione le fibre del legno si sciolgono ed hanno un effetto come se si utilizzasse il filo interdentale. Piccole parti possono essere tranquillamente ingerite e sono digerite senza problemi.

The Java Bone is made of wood from the coffee plant. After pruning, only the best branches are selected and then washed and sanded for a smooth finish. The Java Bone is completely natural, extra strong, does not smell and it does not splinter.

The Java Bone satisfies the natural urge to chew and being completely non-toxic it is ideal for dogs with allergies because it is 100% natural and doesn't contain any animal or artificial ingredients.

Coffee plant wood is very resistant, the fine wood fibres melt when chewed and have a tooth brush effect, naturally cleaning the teeth. Small parts can be safely swallowed and are digested without problems.
